FC LANE ELECTRONICS

Organisation Chart

WEALD ELECTRONICS LTD

FC Lane Sales Office

- We have an experienced and dedicated multi-lingual sales team of eight people, together with three representatives working from their homes. They cover the whole of the UK and are available via email seven days a week.

- Because of our large stockholding we aim for 'Same-day' despatch for as many orders as possible supporting the Company's motto: **"Our stock today, yours tomorrow"**.

- Amongst our staff we have a wealth of connector knowledge, well supported by a library of connector information.

FC Lane Stores

A dedicated policy of maintaining huge stocks of an extensive range of connector types means that we can almost always supply more quickly than the manufacturers we represent!

FC Lane Assembly Specialist Contractor

FC Lane appointment as Franchised Assembling Distributors' for both Souriau and ITW McMurdo, and numerous other Franchises, means that we have the capacity to meet orders of all sizes quickly and efficiently and at very competitive prices.

Weald Assembly Area

Formed in 1976 following the purchase of the MkIV Range from Plessey Connectors, Weald Electronics Ltd has since developed several other ranges. Now employing thirty plus people, Weald Electronics has purpose-built premises affording an area of 12,660 square feet.

QA Inspection and Test Lab

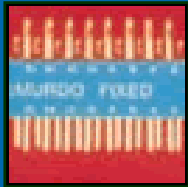

Strong commitment to quality with IECQ- CECC, BS9000, ISO and QPL Approvals as well as many OEM Approvals, has established the Lodge Group as the most experienced and reliable connector distributor / manufacturer in the U.K. A reputation that we are justly proud of.
