

## Professional Entertainment Connectors For Every Application

### Audio and Video Connectors

Lane Electronics is one of the UK's leading electrical and electronic connector stockist representing many of the leading global connector manufacturers including Neutrik, the professional entertainment connector company.

Neutrik is recognised as the leading manufacturer of audio, video and lighting connectors designed specifically for the high-end entertainment industry. Neutrik is the company behind such connector brands as *SpeakON*, *powerCON*, *etherCON* and *XLR*.

## Let Us Help You Entertain!

The *SpeakON* cable connectors are for amplifier to speaker connection. The 2, 4 and 8 pole connectors feature a robust plastic housing, Neutrik's unique locking mechanism and touch proof contacts. The 2 and 8 pole versions have a 30A rating while the 4 pole version provides up to 50A for speakers carrying more than 1000W.

*powerCON* is a three way AC connector with live, neutral and pre-mating ground contacts. It is the perfect solution to guarantee a safe and reliable power connection.

Neutrik's *etherCON* is a ruggedized and lockable RJ45 connector system optimised for professional audio, video and lighting network applications.

### Lighting and Power Connectors

### Entertainment Application Connectors

If you have an entertainment application, we have the connector to suit. As well as Neutrik, we can help you choose from an extensive connector product selection from manufacturers including AVX, ITW Pancon and Weald Electronics.

## You provide the application, we'll provide the connector solution
